References

References is not numbered. Only essential references, which are directly referred to in the text, should be included in the references list. References must be listed alphabetically by surname (with initials following). If there are several works by the same author(s) the references should be listed in the appropriate order indicated below:

a. One author: list works chronologically;
b. Author and same co-author(s): list works chronologically;
c. Author and different co-author(s): list works alphabetically according to co-author(s).

If there are several works by the same author(s) and in the same year, but which are cited separately, they should be distinguished by the use of «a», «b», etc., put after the year.

References should appear only in the following three forms: journal reference, reference to book, reference to multi-author work.

Journal reference should include: author's surname and initials; surnames and initials of remaining authors; year of publication (in brackets); article title (in italics); abbreviated journal title; volume number (in bold, without «Vol.», «No.», etc.); page numbers (without «pp.»); language of publication except for English if relevant (in brackets).

Reference to book should include: author's surname and initials; surnames and initials of remaining authors; year of publication (in brackets); the book title (in italics); volume (with «Vol.»), chapter (with «Chap.») or page (with «pp.») numbers if relevant; the name of the publisher: place of publication; language of publication except for English if relevant (in brackets).

Reference to multi-author work should include after the year of publication: the chapter title (in italics); «In:» followed by book title; surname(s) and initials of editor(s) and abbr. «ed» or «eds» (in brackets); «Vol.» and volume number when appropriate; «pp.» and page numbers; the name of the publisher: place of publication; language of publication except for English if relevant (in brackets).
